CAREER OBJECTIVE

Passionate Full-Stack Developer specializing in modern JavaScript and TypeScript ecosystems, including React, Next.js, Express.js, Node.js, and MongoDB. Eager to leverage AI-driven engineering skills and strong technical foundations to build scalable web applications and contribute to a growth-oriented tech team.

EDUCATION & TRAINING

Course on AI-Driven Full Stack Engineering
Programming Hero
Key Focus: React.js, Next/Node ecosystem, MongoDB, AI-Assisted Prompting & Modern Workflows.

TECHNICAL & INTERPERSONAL SKILLS

Languages & Core
JavaScript (ES6+), TypeScript, HTML5, CSS3, OOP (Object-Oriented Programming)

Frontend Technologies
React.js, Tailwind CSS, Better Auth, Responsive Web Design

Backend & Databases
Node.js, Express.js, MongoDB

Tools & Workflows
VS Code, AI Assist & Prompting, Git, GitHub, Vercel

Interpersonal Skills
Problem-Solving, Adaptability, Effective Communication, Team Collaboration, Time Management

LANGUAGE PROFICIENCY

Bengali
Native / Full Professional Proficiency

English
Working Professional Proficiency

PROJECTS

BookNook – Full Stack Online Bookstore Platform
Live Web: https://book-nook-web.vercel.app/
Client Repo: https://github.com/shahidul91325/BookNook-Web
Server Repo: https://github.com/shahidul91325/BookNook-Backend
Overview: A full-stack e-commerce web application built for browsing, searching, and purchasing books with dynamic user authentication and database management. User Authentication: Secure user login and registration system using modern auth workflow. Book Catalog & Filtering: Dynamic product catalog featuring instant search and category filtering. Cart & Order Management: Interactive shopping cart allowing users to update items and proceed to checkout. Admin Dashboard: Administrative portal to add, update, and manage book inventories and user orders.

Bazar Dor – Daily Commodity Market Price Tracker
Live Web: https://bazar-dor-web.vercel.app/
Repository: https://github.com/shahidul91325/Bazar-Dor-Web
Overview: A responsive web application designed to track and display real-time daily essential commodity prices for general consumers. Real-time Market Tracker: Provides updated market prices of essential daily raw materials and goods. Categorized Commodity Listings: Organized view allowing users to quickly check specific market categories. Responsive Mobile UX: Clean and fully responsive user interface built using Tailwind CSS.
